

- Content in different languages. It is explicitly mentioned in the requirements of the proposal. The job posts cannot be translated to different languages, but only the static text. Should we define a deadline from each partner when the translation will be ready?
- Static text. Up to this point the static text has the role of the placeholder. In this meeting the static will be finalized after the consortium's agreement.
- Who has access to the pages **Jobs**, **Education Programs** and **Events**? We believe that anyone should have access to this page.
- There is a series of questions that should be answered considering the UI/UX of the **Jobs**.
 - Should job positions have reviews and ratings?
 - Should job positions have salary range (even if it is optional)?
 - Should exist a human approval before posting a new job?
 - Possible options for sorting?
- There is a series of questions that should be answered considering the UI/UX of the **Education Programs**.
 - Should education programs have reviews and ratings?
 - Should job positions have price range (even if it is optional)?
 - Should exist a human approval before posting a new education program?
 - Possible options for sorting?
- There is a series of questions that should be answered considering the UI/UX of the **Events**.
 - Should events have reviews and ratings?
 - Should events have price range (even if it is optional)?
 - Should exist a human approval before posting a new event?
 - Possible options for sorting?
- Can the user generate as many resumes as desired without having an upper limit (there is the upper limit of 3 CVs now)?
- Should the CV of the user be reviewed by the administrator?
- Should the applicants be visible to anyone?
- The user should have the capability to change its role (currently it has it)?
- Overview and common issues
- Naming of the activities. We should pay attention to the names that are used in the platform in order all the users to be capable to navigate through the platform without problem. For example (create new content, my content, etc.)
- In which degree should exist a human supervision for the content? Should the platform accept whatever is posted?
- Who is responsible for the promotion and the social media?
- How detailed should the CVs / Job openings / Education programs should be?
