mEgatrends in ICT
ARRANGE-ICT
Focusing on Project Activities

Dr. Thomas Lagkas

ICT Track Leader – SEERC

Kickoff meeting – Oct. 30 2018 – Sofia

Outline

- Intellectual Outputs
 - O₂
 - O₃
 - O₄
 - O₅
- Multiplier Events
 - E₁
 - E₂
 - E₃
- Learning/Teaching/Training Activities
 - C₁
 - C₂

Intellectual Outputs

ARRANGE-ICT
Partnership for Addressing megatrends in ICT

Intellectual Output 2 (O2)

Smart Job Hub

- (Revised) Timeline
 - October 2018 – May 2019
- Information
 - Online web platform developed as the core tool produced by the project
 - Goal: network academia, industry and ICT-working individuals
 - “Demand” Posts: job announcements, skills required
 - “Supply” Posts: training offered, individuals skills offered
 - Reqs/Specs should be identified first
 - Facilitate the creation of industry-driven projects (dissertation, theses)
 - General Objective: matching “demand” with “supply”
 - Challenge: Involve large variety of many participants
 - Extras: Connecting to job platforms through APIs
- Participating Organizations
 - UOWM leads – mainly web platform development
 - SEERC facilitates development and structure
 - AIZ and SCY facilitate structure
 - ULSIT reviews

Intellectual Output 3 (O₃)

Foresight Study

- (Revised) Timeline
 - June 2019 – August 2020
- Information
 - A complete report which constitutes a Foresight Study for ICT megatrends
 - Goal: reveal current ICT skills gap, trends in industry and academia, forecast near-future developments, propose practices
 - Input: analysis based on the completed Smart Job Hub and field surveying
 - Methods: possible quantitative (questionnaires) and qualitative (interviews) techniques
 - It constitutes a parallel activity which follows project developments and releases its findings at the end of the project
- Participating Organizations
 - AIZ leads – analysing information, performing survey, authoring report
 - All other partners contribute to the study (except from SEERC which reviews)

Intellectual Output 4 (O₄)

Guide for Instructors

- (Revised) Timeline
 - July 2019 – February 2020
- Information
 - A complete guide which can be used by instructors and HEIs for the development of courses/training that address ICT megatrends
 - Goal: utilise feedback from the completed Smart Job Hub functionality to create a guide which describes specific training practices
 - Deliverable form: training material in the form of report and web content
 - It is expected to include general suggestions for related courses
- Participating Organizations
 - TUS leads – produces the guide (report and web content)
 - All other partners contribute to the guide (except from SCY which reviews)

Intellectual Output 5 (O5)

Modernised Curricula & Short Programmes

- (Revised) Timeline
 - January 2020 – August 2020
- Information
 - Complete curricula which reflect the identified ICT megatrends
 - Goal: as the last project output, it incorporates all created knowledge regarding market needs and all related demands from stakeholders
 - Deliverable form: structured curriculum forms and complete course syllabi
 - It is expected to fully specify course aims, descriptions, learning outcomes, and assessment methods
- Participating Organizations
 - UCY leads – produces the curricula
 - TUS, UoWM, SCY, ULSIT contribute to the curricula (SEERC could also contribute) – UoWM reviews

Multiplier Events

ARRANGE-ICT
Partnership for Addressing megatrends in ICT

Multiplier Event 1 (E1)

Transnational Workshop on the Smart Job Hub - Specifications and Potentials

- (Revised) Timeline
 - June 2019
- Location
 - Nicosia, Cyprus
- Information
 - It disseminates the findings of Output 2 (Smart Job Hub)
 - Participants: any type of stakeholders (academia, industry, government)
 - 30 local
 - 10 international
- Participating Organizations
 - UCY organises the event
 - All other partners participate

Multiplier Event 2 (E2)

Transnational Workshop on Addressing Mega-Trends and Best Practices for Bridging the Skill Gap

- (Revised) Timeline
 - January 2020
- Location
 - Sofia, Bulgaria
- Information
 - It disseminates the findings of Output 3 (Foresight Study) and Output 4 (Guide for Instructors)
 - Participants: any type of stakeholders (academia, industry, government)
 - 30 local
 - 10 international
- Participating Organizations
 - TUS organises the event
 - All other partners participate

Multiplier Event 3 (E2)

Transnational Workshop on the Conclusion of the ARRANGE-ICT Project and the Smart Job Hub Engine

- (Revised) Timeline
 - August 2020
- Location
 - Thessaloniki, Greece
- Information
 - It disseminates the findings of Output 3 (Foresight Study), Output 4 (Guide for Instructors), and Output 5 (Modernised Curricula and Short Programmes)
 - Participants: any type of stakeholders (academia, industry, government)
 - 30 local
 - 10 international
- Participating Organizations
 - SEERC organises the event
 - All other partners participate

Learning/Teaching/ Training Activities

ARRANGE-ICT
Partnership for Addressing megatrends in ICT

LTT Activity 1 (C1)

Short-term joint staff training events

- (Revised) Timeline
 - June 2019 (3 days)
- Location
 - Nicosia, Cyprus
- Information
 - Training, knowledge exchange, material co-creation on the Smart Job Hub
 - Participants: 14 staff-members from all partners
 - Focuses on academic staff
- Participating Organizations
 - UCY organises the event
 - All other partners participate

LTT Activity 2 (C2)

Short-term joint staff training events

- (Revised) Timeline
 - January 2020 (3 days)
- Location
 - Sofia, Bulgaria
- Information
 - Training, knowledge exchange, material co-creation for identifying, addressing, and collaborating on ICT megatrends
 - Participants: 14 staff-members from all partners
 - Focuses on industrial staff
- Participating Organizations
 - TUS organises the event
 - All other partners participate
